Last Wednesday there were fifteen boarders at the Cross Bar house, kept by Landford Lamberson—eleven regulars and four transients—the South Haven blind tiger men.

The "White House" nine went to Gableville Wednesday and won a ball game by a score of 22 to 3. This is Paw Paw's crack base ball team and can beat anything in the county in the same class.

If the new goods don't stop coming into the back door at E. Smith & Co's, Geo. Harrison will have to get a step ladder to reach the top of the piles. They evidently anticipate a big fall trade at the "Long Brick."

That a newspaper is a public educator is conceded by everybody, but there are many people who kick like thunder when asked to pay for their tuition.—Ez.

Someone is making regular nocturnal visits to "Squire Warner's potato patch" down by the big mill. Now, if these visits are prompted by the same cause which made the old darkey dig so persistently after the woodchuck, all right; but if it is a purely commercial enterprise, the "Squire objects."

John S. Tuckey has purchased a new smoke stack for his engine house at the big mill. It will be erected in a few days and then the mill can be run full time in spite of the low water in the river. Mr. Tuckey can scarcely supply his sack and custom trade now, because of lack of power, but will be all right again soon.

The teachers' institute is progressing finely. The total enrollment has now reached 162, a fact that shows that Van Buren county has a wide-awake and progressive corps of teachers. All of the instructors are doing good work, and the result cannot but be of great benefit to the cause of education in this county. The attending teachers will parade the streets this afternoon, just previous to the ball game.

A representative of the Standard Savings and Loan Association has been working here and succeeded in organizing a strong local board, with 122 shares of stock subscribed. The local officers are as follows: President, J. W. Free; vice-president, Gilbert Mitchell; sec'y, Ed. H. Lindsley; treasurer, E. F. Parks. There is also a board of directors of nine members and a board of appraisers of five members.

Thos. C. Tyner has purchased the clothing and shoe stock and business of H. W. Showerman and has taken possession. The stock is in excellent condition, well assorted with new goods. Mr. Tyner is a gentleman who is well and favorably known as a careful business man and a pleasant gentleman to deal with. He will surely receive a liberal patronage. Frank Pugsley will remain in his employ. Mr. Showerman has no definite plans for the future.

A crowd of four or five hundred people attended the meeting of the Paw Paw Valley Spiritual association at Eagle Lake last Sunday. It was perhaps the most successful and interesting meeting of spiritualists ever held in this county. The speaker, Mr. W. E. Sprague of Jamestown, N. Y., is a magnificent orator and, should the association be able to secure him for another meeting, the grounds would be packed with those anxious to hear him. These Eagle Lake meetings are growing in favor every day.

Twenty years ago, the orchards of northern Van Buren county were yielding fine crops of apples, and the fame of that region extended into adjoining states, where the fruit found a ready market and returned large profits to the growers. Year by year the crop has grown less, and in many localities wheat fields cover the site of the once blooming orchards. This season the home supply is so small that apples from Southern Illinois are finding a market there.—Detroit Free Press. This is news, indeed, in view of the fact that early apples are so plenty in this county that they can scarcely be given away.

Last week Friday afternoon, an interesting game of ball was played at the Cleveland Bay grounds between the teachers' institute nine and a picked-up nine of Paw Paw players. The institute nine won by a score of 12 to 11. The nines were made up as follows: Institute nine—Allen of Glendale, Briggs of Paw Paw, Chamberlain of Decatur, O'Leary of Paw Paw, Taylor of Glendale, McFarlane of Ypsilanti, Wheeler of Mattawan, Lewis of Bangor and Zimmer of Kent City. Paw Paw—Sutton, Lee, B. Showerman, Eaton, Pugsley, Haggart, Warner, Beattie, F. Showerman. Allen caught the game for the institute, while Prof. McFarlane, Commissioner O'Leary and Briggs occupied the box. Sutton and Lee were the Paw Paw battery. The game was an interesting one and would have been thoroughly enjoyable if the itinerant fog horn could have been muzzled.

The University Association of Chicago, an organized institution which has for its object a thorough and systematic study of history, has sent to our village two of its representatives, Mr. Jno. Willson and Mr. Chas. C. Smith, for the purpose of organizing and establishing a branch here. The association aims to extend the benefits of the college to the home circle, and the educators back of the movement conceived the idea of forming a permanent association and issuing monthly a series of lessons on history, embracing the whole range of the world's history from the earliest known period to the present time. The work is conducted on the university extension plan, similar to the Chautauqua, and at a trifling expense. The officers and instructors are men well known in educational circles, the instructors being from the faculties of the leading American universities. Every one who becomes a member is given a certificate of membership, and at the end of the year a series of questions are submitted and a diploma issued to all members who pass a satisfactory examination. Such an organization would be an advantage to Paw Paw.
